IMPORTANT NOTICE TO COMPETITORS

The road book for this event has been created based on providing instructions that enable crews to traverse the course.

It has been carefully prepared, and independently checked, using non- competitive vehicles at relatively low speeds.

The instructions are our interpretation of the course. They may not contain some items that you consider to be hazards, and they may not contain items that become a hazard.

The instructions cannot, and must not, be used as any form of “pace notes”. This event is a “blind event” and competitors should drive to what they can see.

The special stages and liaisons traverse a wide range of public and private roads. Animals, both wild and domestic, may be found on the course during the event. In addition, the course may contain changes in direction, and/or surface, which may not be in the instructions.

Accordingly, we advise crews that they are totally responsible for the manner and speed in which they traverse the course, and ultimately their own safety. Crews should be taking their own experience and abilities into account, and so traverse the course in the manner and speed at which they are comfortable.

Remember – motor sport is dangerous - Drive according to what you can see.

AGL Rally SA – Rally of the Heartland – 16/17 May 2020

Australia's newest event for Classic Cars A Round of the MRF South Australian Rally Championship A Round of the East Coast Classic Rally Series

We are delighted to announce that the Rally of the Heartland will return in 2020 – with naming rights sponsor, AGL Energy and all of our other partners continuing to support us and featuring multiple windfarm stages. These are exciting, challenging and very technical stages that provide un-paralleled competition, and are unique in Australia.

It will again be a competitive event of over 450 kilometres based in the Hallett/Burra/Terowie area, and one that is quite a bit “different” to what has gone before

It is planned for the **16th and 17th of May 2020**, and the competition will run on the Saturday, Saturday night and Sunday, self-contained within the weekend to minimise time away from home

The Event will be open to Classic Rally Cars (C1-C4) and other Rally Cars accepted as being suitable for the Event by the Organisers. We offer categories that will cater for a broad range of competition opportunities, and want to make it as easy as possible to enter and process the requirements of scrutineering and documentation

Quick Summary:

- Naming rights sponsor is AGL Energy.
- Longest wind farm stage NEW is almost 38 km.
- Long night stage in full darkness, full fee entrants only
- Easy liaisons.
- Service Park is in Burra at Paxton Square, also the preferred accommodation provider.
- Minimum time away from home, but over approximately 450 competitive kms in total.
- No local testing, no recce. This is a “blind” event. It is a road book only rally.
- Regional Scrutiny is allowed/encouraged across the board, spot checks during the event
- RallySafe is mandatory for all cars
- Six MIVs will be in attendance, covering all stages accordingly
- Tyres are not mandated, save that MRF tyres are required for SARC entrants
- parc fermé for the SARC and ECCRS competitors only
- Entries limited to 60 – a starting spot can be reserved by a payment of \$200 inc tax, which would be deducted from the entry fee – see Art2.2
- There is a clubman and an introductory category

There is a wide range of accommodation available in the region including Paxton Square cottages (step out of your room into your service area!), Paxton Square Caravan Park, Hotel accommodation in Burra as well as lots of wonderful guest houses in the area. There is also free camping available at the Burra Showgrounds. For further details, refer www.bookburra.com.au

Remember that all our sponsors help to make this event possible, so please buy their products and use their services whenever you can. AGL Energy, Lightforce Performance Lighting, Shannons Insurance, Mitsubishi Motors Australia Ltd, Boileau Business Technology, and Fairfax Press all support us in many ways.

Goyder Council and Northern Areas Council, and the residents of the region provide valued support and enthusiasm, and we thank them sincerely

Many local organisations are also supporting us and allowing us into their community. If you intend to buy groceries, snacks, top up the tow car etc. please do so locally and let people you know you are with the rally.

Remember too that our event is also made possible through some 250+ volunteer officials. Give them a thank you and a smile and a wave whenever you encounter them

Note too, that we like to be **unfailingly pleasant** in all our interactions with everybody. It is a mantra for us, and I hope will be for all involved.

Cars are released at two-minute intervals on closed-road stages and must aim for an elapsed time relating to an average speed, where a declared speed of up to 70kmh is to be attained, on competitive technical roads. Penalty time is accrued for missing the target time, and penalties also apply for exceeding the 110kmh closed-road speed limit, or the 20kph minimum. Participants will take part in all daylight stages of the rally.

26. ENTRY REQUIREMENTS - REGULARITY

Apparel: Crews must wear, as a minimum, the apparel outlined in **Schedule D Speed Multi-Club** of the current MOTORSPORT AUSTRALIA Manual of Motor Sport. Apparel must be presented at Pre-Start Scrutiny. Failure to wear appropriate apparel when competing on a Special Stage will result in a recommendation to the Stewards of the Meeting of a penalty which may go as far as exclusion from the Event.

- **FHR** (Frontal Head Restraint): FHR complying with Schedule D of the MOTORSPORT AUSTRALIA Manual is recommended but not required.
- **Helmets:** Level A helmets are not required but are recommended. Level B is the minimum required standard for the Event. Refer to MOTORSPORT AUSTRALIA General Requirements for Cars and Drivers, Schedule D, 3.1B for the approved helmet standards.

The objective is to let you compete with limited speed restrictions that suit a wide range of driving ability and skill levels, making it competition motor sport rather than actual racing.
- Stopwatches, paper maps and RallySafe may be used.
- All other equipment is banned, including built in Sat-Nav, which will be required to be disconnected or taped over to the scrutineer's satisfaction.
- Any crew found using laptops or tablets, or smart phone apps will be penalised 30 seconds per occasion (up to exclusion from the Event).

28. AMBULANCE SUBSCRIPTION

It is a compulsory requirement of this Event that all Competitors are members of an Ambulance Subscription Scheme, and evidence will be required at Documentation.

Don't get caught short!

Vehicle Insurance (Third Party or Comprehensive) is entirely the responsibility of the Competitor. Please note the MOTORSPORT AUSTRALIA Insurance does not cover Third Party damage to another vehicle (i.e. if you run into it).

All Competitors must be in attendance and will be required to sign to verify attendance. A penalty of \$100 will apply to each Competitor that is not in attendance, which will need to be paid to the Organisers prior to the Competitor being allowed to start the Event.
